## Job description

### Job description 1 - Classics or related branch of the Humanities with sound philological training (Latin)

For the editorial and practical follow-up of critical editions in preparation of publication in the Latin series of Corpus Christianorum and in other scholarly series and online databases published by Brepols Publishers.

### Job description 2 - Library and Documentation staff

To make fully accessible and further develop the Corpus Christianorum reference and photo library with the aim of creating and developing a new editorial and scholarly centre; to take charge of cataloguing, indexing and recording in a database system an existing collection of standard edition series and reference works in the field of Latin Patristic and Mediaeval Christian texts, and of the microfilms and photograph reproductions of manuscripts which have been acquired with the aim of producing critical editions of Latin Church Fathers and Mediaeval authors in the Latin series of Corpus Christianorum.
