Job description

Job content

Italki Operations and Services Intern

We are a fast-growing tech startup who is looking for interns who wish to work at an exciting and fun working environment. You'll need to be highly adaptable and a quick learner as you'll get involved in many different aspects of the company from daily operational work, community management, to various prospects which improve the student and teacher experience. You'll also get to work with our Marketing and Product departments. You'll participate in all our departmental and company meetings and share in feedback.

This internship is located in Shanghai, the most vibrant and international city in China. It's an exciting work and travel opportunity that should not be missed!

Notes

Free language learning credits on the italki website to learn any language.
