Job description

This Traineeship program is specifically designed for students/young professionals and offers the opportunity to learn and acquire relationship management's experience within a recognized independent wealth management firm. The Trainee will be exposed to the company's investment approach and customers, while gaining hands-on training and experience. The main responsibilities include providing customer care and supporting the Relationship Manager in the analysis of client's needs and the definition of the most appropriate strategy. Upon completion of the program, opportunities may arise to become one of our next Relationship Managers.

Job content

The Genève Invest Group is an independent, fully regulated wealth manager with offices in Geneva and Luxembourg. We are committed in providing our clients with the best available solutions for their needs and those of their families. We serve private clients from all over the world, the majority of them being entrepreneurs. Our investment approach focuses on the preservation of capital and on the creation of a positive cash flow, which is often able to replace or complement other sources of income. In order to achieve this objective we typically invest in corporate bonds with an above average return and stocks selected using a value investing approach.
